2	NSDL	12152254
3	CDSL	1451170
	TOTAL	18500000

CHAPTER II

PROFILE AND BRIEF HISTORY

The Nopany Group, lead by Mr. B.K.Nopany aged about 70, has exposure in diverse fields like sugar, real estate development, and investment apart from experience of handling matters of schools of repute. He is also Chairman of the Board of a leading Academic Institution in Calcutta.

Shree Hanuman Sugar & Industries Limited (SHSIL), was incorporated on January 09th, 1932 as a Public Limited Company with the name of Shree Hanuman Sugar Mills Limited under the Indian Companies Act, 1913. The sugar plant was set up in Motihari (East Champaran) on the inspiration of the father of our nation Late Mahatma Gandhi, who had started the Swadeshi movement from this place. The name of the company was changed to Shree Hanuman Sugar and Industries Limited vide letter no RD/DP/218-(21)(R) dated 1st November 1962 and a fresh certificate of incorporation has been obtained from Registrar of Companies, Asst. Registrar of Joint Stock Companies, Bengal. The present paid-up capital of SHSIL is Rs. 18.50 Crores. The Equity Shares of SHSIL are listed with The Calcutta Stock Exchange.

There has been no reorganization, reconstruction or amalgamation in the Company since incorporation.

Sugar Division

Presently, SHSIL is mainly engaged in sugar business. The sugar factory of the company is located at Motihari, one of the sugar cane rich areas of Bihar. The factory is a seasonal one and is operational from November to March. The capacity of the factory is 2500 TCD. The company proposes to undertake an upgradation programme to achieve a capacity of 4000 TCD in the 1st phase and 6000 TCD in the 2nd phase in the next two years, to make the Unit viable.

During the last crushing season 2012-13, the company has crushed 323937.62 tonnes of sugarcane and has produced 25956 quintals of sugar.

Looking into the future prospects of the Sugar Industry, management's long term experience, infrastructure facilities already set-up at its Sugar Mill and locational advantages, it is opined that enhancement in Company's Sugar Plant capacity upto 15000 TCD may be targeted to ensure optimum utilization of its infrastructure facilities, leading to economies of scale, enlarged sales volume and higher profitability.

Real Estate

SHSIL, has more than four and a half decades of experience in real estate development. The Company has been into the real estate division in a small way but it has made good profits in all its projects. The company has developed few properties in and around Kolkata and proposes to develop more properties.

Power Generation

Further, in order to reduce electricity consumption cost, it is also proposed to generate electric power mainly through the burning of bagasse, a primary by-product of the Sugar Mill. Bagasse is a combustible material which when burned produces steam, which in turn is used to generate electric power. We propose to establish co-generation facility at the Sugar Mill of the Company with a capacity of 25MW.

CHAPTER III

CAPITAL STRUCTURE

Share Capital of the Company as at the date of filing of the Information Memorandum with Bombay Stock Exchange is as set forth below:

Share Capital	Nominal Value (Rs. In Lakhs)	Aggregate Value (Rs. In Lakhs)

BUSINESS

Sugar

The primary business of SHSIL is production of sugar. The factory is located in Motihari, a prominent place in Bihar, where availability of sugarcane is abundant. The present capacity of sugar factory is 2500 TCD and mainly by de-bottlenecking of capacities at various stations the plant would achieve a capacity of 4000/5000 TCD without incurring any major capital expenditure.

Real Estate

SHSIL, has more than four and a half decades of experience in real estate development. The Company has been into the real estate division in a small way but it has made good profits in all its projects. The company has developed few properties in and around Kolkata and proposes to develop more properties.

Upgradation and Diversification Initiative

Sugar

The management is focused to implement the desired capacity at the earliest possible time mainly through internal accruals. The expected capital expenditure has worked out to Rs.20 crores. However, the management is of the view to take minimum risk by incurring capital expenditure and enhance the plant capacity steadily out of its own operational cash flows.

Looking into the long term view, the management would like to expand the capacity of the plant further beyond 4000 TCD to 15000 TCD in order to achieve optimum utilization of resources and infrastructural facilities and also economies of scale. The internal feasibility study from the technical expert has been obtained for the ongoing expansion of 4000 TCD. New sugar factories are also being proposed to be set up.

Power

The company has proposed to generate additional power through the surplus by-product i.e. Bagasse. Bagasse is a combustible material if burned produces steams, which in turn generate electric power. The company is likely to set-up co-generation facility at the plant with a initial capacity of 25MW and increase to 100 MW in a phased manner with the ongoing expansion.

Distillery

The Management has further decided to utilize the available land in Motihari for setting up the Distillery Plant with 60KLPD. The estimated proposed distillery plant works out to Rs.115 cr. The Management would like to go ahead this business partly with term loan and the remaining will be shared amongst the Promoters.

Steel

The company proposes to manufacture steel ingots out of scrap iron utilizing the power generated from the power division. The steel manufacturing unit will be cost effective as the cost of indigenous power would be lower as compared to the supply from the grid. The unit shall produce 60 tons steel per day.

MANAGEMENT

Board of Directors

The Board of Directors of the Company comprises of the following persons:

Name of the Director	Designation	Status
Mr. Bimal Kumar Nopany	Chairman and Managing Director	Promoter & Executive Director
